Communities for a Better Environment

Communities for a Better Environment (CBE) is a preeminent environmental justice organization in the nation. CBE campaigns have produced substantial improvements in practices at more than 200 industrial facilities in California thereby preventing millions of pounds of pollution annually. CBE builds people's power in California's communities of color and low-income communities to achieve environmental health and justice by preventing and reducing pollution and building green, healthy and sustainable communities and environments. All donations to CBE are tax-deductible. Visit us at www.cbecal.org
